The aim of this tough contest is to revive the tradition as well as to sharpen memory of student.

During the year 2007-08, the contest was organised at Poorna Projan Sansodham Mandir, Banglore Puri. The panel of judges adjudged the State of Karnataka at first position.

6.3 SHASTRA CHUDAMANI SCHEME

Scheme for utilization of services of Eminent Literary Scholars in Campuses of the Sansthan, Adarsh Sanskrit Pathshalas and other State Government run Sanskrit Colleges and Voluntary Sanskrit Organisations.

Objective

The object of the scheme is to preserve the indepth study of various shastraic subjects in Sanskrit at the various centres where traditional system of Sanskrit education is being imparted to students. While in the ancient days, the system of education envisaged a full time association of the teacher and taught for a period of about 12 years minimum and they had enough time to cover the various intricate Shastraic subjects in all details and the students had the opportunity to acquire mastery over particular subject in a comprehensive manner. In the recent past, the modern system of education, having prescribed syllabus for a limited period with selection from text-books, has influenced the Sanskrit education system as well and as a result even Sanskrit subject where students are supposed to have specialised at the post graduate level, due to shortage of time available, there is no scope for teaching the higher texts in detail and in full. As a result the products of this system, though they are quite proficient in the basic tenets of their subjects are lacking in indepth and exhaustive knowledge of the higher treatises written in these subjects.

Soon after they passed out of the post-graduate level, domestic needs compel them to enter into a bread winning avocation. Out of such post-graduated we are now to recruit young teachers and lecturers

and though they are very much interested in pursuing their studies further, they don't have the facilities to do so in the institutions where they are employed as a result, while these lecturers efficiently fulfil their part of coaching their students for their respective examinations, they are not attending that eminence in their respective branches which their predecessors, 2 or 3 decades ago, were able to achieve. Their academic interest should not be exploited and their scholarly lacunae should be removed so that they will be better equipped to serve the cause and will be able to produce a generation of students who will be really mastering the respective subjects.

In order to achieve this objective, there are fortunately for us, a few old scholars still alive and physically and mentally alert and they may be usefully utilised for a few more years. They are not necessarily scholars with any university degree or qualifications but still they are masters in their own fields and there would not be any compunction on the part of the young teachers to study under their feet. They will be also adding to the academic atmosphere of the institution and will be readily available to clear the doubts of both the teachers and taught.

Implementation

Under this scheme, not more than two scholars in each of the Campuses of the Rashtriya Sanskrit Sansthan, Adarsh Sanskrit Pathshalas, Sanskrit Universities and one scholar in established Sanskrit Colleges run by the State Govt. or substantially financed by the State Govt. and Voluntary Sanskrit Organisation are normally appointed. Such appointments are made on recommendations of Grants in Aid Committee consisting of the experts on the basis of applications received through the concerned institution. The appointment so made is initially for a period of two years. An extension of one year may, however, be granted by the committee on the basis of specific report of the Head of the institution. An honorarium of Rs. 2500/- per month is paid to the appointed scholar.

During the year under report, six Shastra Chudamani Scholars were appointed in different institutions.

6.4 VOCATIONAL TRAINING SCHEME

Financial Assistance to Registered Academic Organisations to conduct "Prayogic Prashikshan" to the products of Traditional Sanskrit Pathshalas/ Institutions.

With a view to create employment opportunity for the traditionally educated candidates in some specialised departments, a scheme of extending financial assistance to registered academic bodies to provide short term orientation courses to the products of traditional Sanskrit Pathshalas/ Institutions was introduced. The subjects to be taught are Manuscriptology, Cataloguing, Paleography, Sanskrit Typing and Short Hand, Jyotisha, Karmakanda and Epigraphy etc.. These training courses are conducted for different short terms; normally for three to nine weeks. During this period, academic bodies may invite specialists in respective fields to give coaching to the students. Intending institutions are required to apply in a prescribed application form for holding any such programme. They have also to advertise the short term courses in the local news papers and invite applications from students who want to avail of it. There may be a normal registration fee of Rs. 5/- per student. Each student is paid an out of pocket allowance of Rs. 50/- per day for which he is given the training. The specialist instructor is normally paid an honorarium of Rs. 200/- per day.

Detailed applications are considered by an expert/Grants in Aid Committee for making recommendations on merit. The Sansthan releases 75% of the total estimated expenditure as approved by the Committee, in advance to the institution concerned and the remaining 25% on receipt of the audited accounts and a report of the vocational training course.

During the year under report, 18 institutions were extended financial assistance for conducting orientation courses.

6.5 SANSKRIT DICTIONARY PROJECT

The project to prepare an encyclopaedic Sanskrit Dictionary on historical principles spanning the period from 1500 B.C. upto 1900 A.D. has been undertaken by Deccan College, Pune. The project was started in the year 1948. The Department of Sanskrit Dictionary Project, Deccan College, Pune is headed by the General Editor and so far 7 volumes

of the dictionary have been brought out. The work on 8th volume is in progress. The project was primarily financed by Govt. of India and to some extent by Govt. of Maharashtra. During the year 2007-08, a sum of Rs.46.89 lakh was released to Sanskrit Dictionary Project by the Rashtriya Sanskrit Sansthan.

6.6 SCHEME OF THE PRESIDENTIAL AWARD OF CERTIFICATE OF HONOUR TO SANSKRIT, PALI/PRAKRIT, ARABIC AND PERSIAN SCHOLARS

The Scheme of Award for 'Certificate of Honour' was introduced in 1958 to honour the scholars of Sanskrit, Arabic and Persian languages. The scheme was extended to cover Pali/Prakrit in 1996. The distinction is conferred once a year on Independence Day in recognition of substantial contribution of the scholars in their respective fields. 6.7 SCHEME OF PRODUCTION OF SANSKRIT LITERATURE

The Rashtriya Sanskrit Sansthan extends financial assistance to registered Organisations as well as individuals who are authors, editors, translators or those who intend to publish the book in question and hold the copyright thereof for bringing out Sanskrit based books like reference books, original writing, research thesis, translations, descriptive catalogue of manuscripts, critical edition, reprint edition of rare out of print books and any other kind of publication as may be individually accepted as conducive to the promotion of Sanskrit language and literature. The assistance under the scheme is sanctioned to a maximum of 80% of the actual cost of production in case of original writing and a maximum of 50% in case of research thesis. However, for descriptive catalogue of rare manuscripts the assistance may be upto 100% of the expenditure.

The applicants have to apply for publication grant in a prescribed application form along with estimated cost of production from two different printers and about thirty five pages of the proposed work. The specimen pages so received are submitted to the experts for their opinion on utility of the work. The proposal and the expert opinion are placed before the Grants in Aid Committee for making necessary recommendations. Applicants of approved proposals have to publish the work within a period of two years from the date of sanction order. On printing, a dummy copy of the work and printers bill are scrutinised by an expert agency; who works out actual cost of production. On that basis, price per copy is fixed according to a set formula and intimated to the applicant along with actual sanctioned grant. The applicants have to supply a number of copies of the work; as the case may be, to listed libraries by post free of cost in lieu of the grant. The Sansthan reimburses postal charges and also releases the sanctioned grant. In

addition, annual sanctioned publication grant is also released for Sanskrit journals/news papers.

Besides it, the Sansthan may on certain conditions assist a university or a registered voluntary organisation or a commercial publisher of established repute for the reprinting of out of print Sanskrit works as recommended by Grants-in-Aid Committee from time-to-time. Such assistance may be rendered by the purchase of 500 copies of each such reprint at an appropriate lower price as approved, provided the publisher undertakes to supply 300 additional copies at the same price within a period of three years from the date of first purchase order.

Details of proposals published with financial assistance and sanctioned for publication grant during the year 2006-07 are placed at Annexures— J and K respectively.

6.8 SCHEME OF PURCHASE OF BOOKS

Rashtriya Sanskrit Sansthan renders financial assistance to authors, publishers, booksellers, organisations etc. by way of purchase of copies of books relating to Sanskrit language and literature in bulk, provided the books in question are not published with assistance under any other scheme of the Sansthan. However, books for which recognition has been given by way of State awards in cash or through citation are also eligible for this purpose.

The applicants have to apply to the Sansthan in a prescribed application form along with at least two complimentary copies of the books. The complimentary copies are not returnable. On the recommendations of the Grants-in-Aid Committee, the applicant is sent purchase order and provided with a list of libraries to whom the copies in number specified are despatched by registered parcel. The applicant is required to allow a minimum of 25% trade discount. In the bill the applicant adds for expenses on packing at the rate of 20 paise per copy and on registered parcel, which together are also borne by the Sansthan. The relevant bill accompanied by the postal receipts in original for despatch of copies, are submitted by the applicant for sanctioning the payment.

During the year 2007-08, an amount of Rs. 63.32 lakh was utilised under this scheme.

- (vi) The Mahavidyalaya should have a student strength of not less than 50, a Shodha Sansthan should have not less than 12 active researchers.

On receipt of application for recognition, the Govt. would cause an on the spot inspection and assessment to be made through an Expert Committee and convey its decision to the applicant organisation about recognition. This would be followed by screening of the existing staff of the institution by a Screening Committee specially constituted for the purpose.

All the recognised Sanskrit Mahavidyalayas/ Shodha Sansthans will be eligible to be considered for financial assistance under this scheme provided that they undertake to abide by the conditions enumerated in this scheme.

These financial statements include the accounts of 10 units of R.S.S. Our responsibility is to express an opinion on these financial statements based on our audit.
2. This separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transaction with regard to compliance with the law, rules & regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any are reported through Inspection Reports/CAG's Audit Reports separately.
