

Bauddha Darshan

Acharya Second Year

Paper III

Course Outcome -

3rd Sem

- This paper is very relevant from the standpoint of Buddhist philosophy primarily because it states about the Madhyamika or Shunyavada School of Buddhist philosophy, which the kernel of Buddhist meta-physics.
- The concept of Shunya propounded by Acharya Nagarjun is introduced to students. That is very valuable.
- The concept of Pratityasamutpada, that is to say, theory of Relativity is presented to the students.

4th Sem

- This paper is continuation of an earlier paper. It is very relevant from the standpoint of Buddhist philosophy primarily because it states about the Madhyamika or Shunyavada School of Buddhist philosophy, which the kernel of Buddhist meta-physics.
- The concept of Shunya propounded by Acharya Nagarjun is introduced to students. That is very valuable.
- The concept of Pratityasamutpada, that is to say, theory of Relativity is presented to the students.
